Includes articles on international business opportunities.

The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government.

A definitive guide to the growing field of behavioral finance This reliable resource provides a comprehensive view of behavioral finance and its psychological foundations, as well as its applications to finance. Comprising contributed chapters written by distinguished authors from some of the most influential firms and universities in the world, Behavioral Finance provides a synthesis of the most essential elements of this discipline, including psychological concepts and behavioral biases, the behavioral aspects of asset pricing, asset allocation, and market prices, as well as investor behavior, corporate managerial behavior, and social influences. Uses a structured approach to put behavioral finance in perspective Relies on recent research findings to provide guidance through the maze of theories and concepts Discusses the impact of sub-optimal financial decisions on the efficiency of capital markets, personal wealth, and the performance of corporations Behavioral finance has quickly become part of mainstream finance. If you need to gain a better understanding of this topic, look no further than this book.

A guide to online investing covers such topics as screening investments, using Excel for financial analysis, analyzing company information, executing trades, mutual fund investments, managing a portfolio, and financial planning.

Analytical Perspectives, Budget of the United States Government, Fiscal Year 2004 contains analyses that are designed to highlight specified subject areas or provide other significant presentations of budget data that place the budget in perspective. The Analytical Perspectives volume includes economic and accounting analyses; information on Federal receipts and collections; analyses of Federal spending; detailed information on Federal borrowing and debt; baseline or current services estimates; and other technical presentations. It also includes information on the budget system and concepts and a list of Federal programs by agency and account, as well as by budget function. Historical Tables, Budget of the United States Government, Fiscal Year 2004provides data on budget receipts, outlays, surpluses or deficits, Federal debt, and Federal employment over an extended time period, generally from 1940 or earlier to 2008. To the extent feasible, the data have been adjusted to provide consistency with the 2004 Budget and to provide comparability over time.

Litigating International Investment Disputes: A Practitioner’s Guide serves as a comprehensive and straightforward resource for those who are new to international investment arbitration, as well as for seasoned practitioners.
