Personally I hate both of these engines. 1kz is fuel thirsty, prone to head failure and slow engine. The positive side of 1kz is its cheaper to maintain. 1kd on the other hand has better power and economy but parts are relatively expensive and the injector issues makes one crazy. My suggestion is buy a car with 1kz.

The engine never gave any trouble with the cooling system apart from that one instance. Points to note: This was a Manual SWB with base spec, no Aircon and no automatic. With the Aircon the flow through the radiator can be quite slow especially if the area between radiators is not kept clean, also Automatic versions put extra heat into the ...
