The Navistar DT engine family is a line of mid-range inline-6 diesel engines. With horsepower ratings ranging from 170 hp (130 kW) to 350 hp (260 kW), the Navistar DT engines are used primarily in medium-duty truck and bus applications such as school buses, although some versions have been developed for heavy-duty regional-haul and severe-service applications.

I own a 2011 international prostar, maxxforce 13 engine, has 277098 miles. Don't have any problems, and has only had to be regenerated 1 time. My only problem with truck is the damn transmission....randomly delays shifting into 5th gear mostly but randomly does it in other gears when it wants to. Gotta get it looked at.
