Solutions AMC 8 2008

2 1. Answer (B): Susan  
spent  $2 \times 12 = \$24$  on  
rides, so she had

$50 - 24 = \$26$  to

spend. 2. Answer (A):

Because the key to the  
code starts with zero,  
all the letters represent  
numbers that are one  
less than their position.

What is the AMC 8?

The AMC 8 is a  
25-question,  
40-minute, multiple  
choice examination in  
middle school  
mathematics designed  
to promote the  
development of  
problem-solving skills.

# Read Free Amc 8 2007 Solutions

The AMC 8 provides an opportunity for middle school students to develop positive attitudes towards analytical thinking and mathematics that can assist in future careers.
