This unit describes the skills and knowledge required to research information about compliance and ethical practice responsibilities, and then develop and monitor policies and procedures to meet those responsibilities. This unit applies to people working in roles with managerial responsibility for legal and ethical compliance in small to medium sized organisations. There may or may not be a team of workers involved.

These activities provide stimulating exercises, realistic case studies, and creative role-plays that will enable your managers and supervisors to sharpen their skills in several key coaching roles - as team leader, facilitator, counselor, and director. Each fully reproducible activity is organized in a user-friendly

format with detailed trainer's notes, clear objectives, and suggested variations for customizing the activity to meet your group's needs. Training Objectives: Introduce mentoring concepts and peer guidance techniques; Develop skills to express performance improvement goals clearly; Create open, trusting relationships; Refine managers' skills in providing constructive feedback Training Methods: Team games; Group discussions; Icebreakers; Role-plays; Questionnaires and written exercises Time Guidelines: 34 activities take 1 hour or less; 6 activities take between 1 and 2 hours

This book is designed for parents who want to help their children and for teachers who wish to prepare their class for the NAPLAN Literacy Tests. NAPLAN Tests are sat by Year 9 students Australia-wide. These tests are held in May every year.

Kris Cole throws light on the gap between theory and practice in the 5th edition of Management - Theory and Practice. She explains management theory in everyday language, and puts it in a context that makes it easy to understand. This resource will help you develop the vocabulary you need to communicate effectively with colleagues and equips you with models and frameworks to tackle management challenges. In addition it will enable you to strengthen your 'hard skills', like managing poor performance, being more directive and solving problems permanently.

This unit of competency describes the skills and knowledge required to plan and coordinate weed control activities using appropriate strategies to provide effective, economic control while minimising
