Florida General Contractor – The Exam Pros

Florida's Top Licensing School CEI is recognized as the premier provider of Florida contractor exam preparation. With Florida's largest student enrollment and over 20 years of experience, we are able to offer the most comprehensive programs with the best pricing in the marketplace.

This book is the only one you will need to pass the General or Residential Florida Contractor's Exam. We give you all of the knowledge necessary by spelling out the principles and concepts covered on the exam. In addition, and perhaps most importantly, the codes are translated into an easy to read format that does away with the long and often confusing wording found in the formal Building Code. The book also comes with a link for you to access hours of video content as well. Whether you are a novice or possess a wealth of construction knowledge, this is the book you need to prepare yourself for the General or Residential Florida Contractor's Exam.

Get one step closer to becoming a Florida General Building and Residential contractor with a Cram course designed by 1ExamPrep to help you conquer the required Florida GC computer based examination. This book is packed with tests to help you cram for the exam. The GC license is the most sought-after license in Florida. This single license allows you to work on most trades in your construction projects, and for the trades it does not cover, it allows you sub-out the work legally and for profit to a licensed sub-contractor.

This book includes self-test section at the end of each chapter. Test yourself, then check answers in the back of the book to see how you score. CD-ROM included.

This unique and popular publication is written for apprentices, journeymen ironworkers, and inspectors. A definitive resource for preparing provisions in project specifications. Eighteen heavily illustrated chapters cover topics including types of materials, handling of bars at the jobsite, general principles for bar placing, splicing, and tying, bar placement in footings, walls, columns, floors, roofs, pavement and transportation structures. Also includes a chapter on epoxy-coated and other coated reinforcement.

This exam must be taken in addition to the contractor or trade exam for which you are trying to become licensed. Topics covered on the business and finance exam portion are establishing the contracting business, managing administrative duties, managing trade operations, conducting accounting functions, managing human resources, and complying with government regulation.

This classic book provides an overview of the methods, equipment, and materials used in the construction of large commercial buildings. It makes an excellent source of general information—complete with diagrams, details, photographs, and worked examples of typical construction calculations such as earth moving calculation, formwork calculations, concrete pressures, and insulation values for building components. Revised content in this new 8th edition includes additional examples and homework problems for a complete review, superior illustrations, added video clips to the ancillary materials, and much, much more!

Volume II is this book and to complete the study Volume II must be purchased. Get one step closer to becoming a Florida State General, Building, or Residential Contractor with a prep book designed by Upstryve to help you conquer the required Pearson Vue Contract Administration and project Management examination. Book Features: Highlighting and tabbing locations for each required book, so you can quickly and easily reference your materials during the exam. Practice questions Testing taking techniques that are an indispensable part of these open-book exams. To be a Florida Certified Contractor, you must be able to pass the contractor's test, provide a proven record of financial stability, and present evidence of your experience for the category in which you wish to be licensed. A contractor must have at least four years of field experience in the category being considered, and one of those years has to be acting in a supervisory role. This last requirement could be substituted for at least three years of undergraduate credit hours. When the contractor wishes to be certified as a building or general contractor, he/she must present evidence of experience in four of these categories:

This incisive, practical guide provides a thorough breakdown of the ins and outs everyone needs to know when turning contracting skills into a business. From summoning the motivation to start your own business to the intricacies of being your own boss, Claudiu Fatu artfully turns his personal experiences and those of other successful contractors into advice on every aspect of building a business. The chapters focus on: Developing a business structure, including bank accounts, tax registration, insurance, and branding Handling legal and accounting hurdles Managing employees and dealing with clients Using marketing systems to find and book work Estimating and bidding on jobs Writing contracts Creating invoices and a billing system Controlling costs, keeping records, and understanding profit margin Planning retirement and other benefits for the self-employed By teaching contractors to anticipate problems that can arise when dealing with clients, and to build a business plan that can support a contractor's talents in the best way possible, Starting Your Career as a Contractor is the ultimate manual to getting the job done right! Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.
