book on the market. Using a functional anatomy theme, the text presents human anatomy as a well-illustrated "story" with the right amount of detail that learners can understand at an introductory level.

Analogies and comparative descriptions make anatomical structures more memorable and understandable, and explain how the shape and composition of structures allow them to perform their functions. The 9th Edition features new exercises and questions that help students learn and use anatomical language and interpret real-world medical images while learning basic human anatomy.

Bookmark File PDF Human Anatomy And Physiology Eighth Edition Test Bank

Building on the functional anatomy approach of previous editions, selected illustrated tables have been enhanced to tell a more cohesive and logical "story" of human anatomy. In the eText edition, dozens of embedded videos and animations help students visualize, manage, and master anatomical terms and structures, along with instant cross-referencing that eliminates the need to flip pages to connect concepts across body systems. Also available as a Pearson eText or packaged with Mastering A&P: Pearson eText is a simple-to-use, mobile-optimized, personalized reading experience that can be
