Le previsioni si rivelarono sbagliate; in particolare, la grande crisi del 1929 risultò profonda e di lunga durata. Nella sua opera sui Cicli economici , Schumpeter tentò di individuare nella storia economica le diverse fasi dei cicli di Kitchin, Juglar e Kondratiev. Quanto alla crisi del '29, vi vide la simultanea ...

Schumpeter Society" and through the establishment of connections with libraries, universities and research institutes throughout the world. Schumpeter's papers at the Harvard University archives have also been scrutinized. The volume includes a historical and critical assessment of the literature on the Austrian economist - according to the most important and specific Schumpeterian "categories": biography, methodology, development, money, cycle, sociology, politics, and history. The book is characterized by the completeness and richness of its information and by the

**Economic** perspective, this volume highlights the positive role that scarcities can play in inducing technical progress and economic growth. It outlines a structural framework for the political economy of scarcity and rents, and offers a novel way of organizing the evidence concerning the role of resources in industrial growth. This book proposes a major shift in the treatment of scarcity issues by focusing on bottlenecks and opportunities arising within the production system, and will appeal to economists and policy makers interested in the role of resources as triggers of structural

## Processo Capitalistico Cicli

**Economic** underlines how in their works the nexus between ethics, economics, and politics has produced four exemplary solutions. They represent the most relevant modern formulations of the idea of 'political interest', to which the philosophical and political debate constantly returns, as the thought of Carl Schmitt, Hannah Arendt, and Michel Foucault demonstrates. The author discusses the different interpretations by considering economic science not as a natural, but as moral and political science.

among sociologists, as well as experiencing a remarkable revival among economists.

This anthology, which serves as an excellent introduction to Schumpeter, emphasizes his broad socio-economic vision and his attempt to analyze economic reality from several different perspectives. An ambitious introductory essay by Richard Swedberg uses many new sources to enhance our understanding of

Schumpeter's life and work and to help analyze his fascinating character. This essay stresses Schumpeter's ability to draw on several social sciences in his study of capitalism. Some of the

**Economic** articles in the anthology are published for the first time. The most important of these are Schumpeter's Lowell Lectures from 1941, "An Economic Interpretation of Our Time." Also included is the transcript of his lecture "Can Capitalism Survive?" (1936) and the high-spirited debate that followed. The anthology contains many of Schumpeter's classical sociological articles, such as his essays on the tax state, imperialism, and social classes. And, finally, there are lesser known articles on the future of private enterprise, on the concept of rationality
