The latest iPods are much more than just digital music players. Now, surf the Web, rent movies, buy songs and directly download them, send and receive e-mails, store photos, play slideshows, watch videos, and play games. You'll find information about all iPod models and how to set up iTunes so you can start enjoying your iPod right away. You'll learn how to: Learn how to use the iPod displays and scrolling wheels Install iTunes and load your music Keep your library organized so you can search, browse, and sort Create playlists and burn CDs Use your iPod as a hard drive Share content legally Synchronize your e-mail, contacts, and bookmarks Complete with lists of ten common problems and solutions, and eleven tips for the equalizer, iPod & iTunes for Dummies, 6th Edition includes bonus chapters about early iPod models, creating content for iPod, tips for working with MusicMatch, using your iPod for backup and restore, and 14 web sources for additional information.

With iPod and iTunes, Apple's gotten the world hooked on portable music, pictures, and videos. One thing they haven't delivered, though, is an easy guide for getting the most from your sleek little entertainment center. Enter iPod: The Missing Manual, 5th Edition-a book as breathtaking and satisfying as its subject. Our latest edition thoroughly covers the redesigned iPod Nanos, the video iPod, the tiny Shuffle and the overhauled iTunes 7. Each custom-designed page sports easy-to-follow color graphics, crystal-clear explanations, and guidance on the most useful things your iPod can do. Topics include: Out of the box and into your ears. Learn how to install iTunes, load music on your iPod, and how to get rid of that dang, flashing "Do not disconnect" message. Bopping around the iPod. Whether you've got a tiny Shuffle or a big-screen model you'll learn everything from turning your iPod off and on to charging your iPod without a computer. Special coverage for iPod owners with trickster friends: How to reset the iPod's menus to English if they've been changed to, say, Korean. In tune with iTunes. iTunes can do far more than your father's jukebox. Learn how to pick and choose which parts of your iTunes library loads onto your iPod, how to move your sacred iTunes Folder to a bigger hard drive, and how to add album covers to your growing collection. The power of the 'Pod. Download movies, play photo slideshows, find cool podcasts, and more: this book shows you how to unleash all your iPod's power. iPod is simply the best music player available, and this is the manual that should have come with it.

Explains how to use the portable music player to perform functions including play music, store personal contact and calendar information, download and use applications, and use as a video player.

Explains how to use the portable music player with a Windows PC or a Macintosh computer to perform functions including play music, store photos, and use as a portable voice recorder. Original. (All users)

Apple's iPods continue to set the bar for media players, with bold new features like the Touch's supersized screen and Siri voice control. But iPods still lack a guide to all their features. That's where this full-color book comes in. It shows you how to play music, movies, and slideshows; shoot photos and videos; and navigate Apple's redesigned iTunes media-management program. The important stuff you need to know! Fill it up. Load your iPod with music, photos, movies, TV shows, games, ebooks, and podcasts. Manage your stuff. Download media and apps from the iTunes and App Stores, then organize your collection. Tackle the Touch. Send email and instant messages, make FaceTime calls, and shoot photos and HD video with the Touch's 5-megapixel camera. Go wireless. Use the Touch's new iOS 6 software to sync content wirelessly. Relish the Nano. Enjoy video and photos on the Nano's new big screen, and chart your workouts with the Nike+ pedometer. Master the Shuffle and Classic. Get mucho music on the little Shuffle, and use the Classic's giant hard drive to tote around your audio and video collections. Pump it up. Blast iPod tunes through your home and car stereo.
