[Illustrated with photographs, charts, and diagrams.](#)

[Institutional and technological change is a highly topical subject. At the theoretical level, there is much debate in the field of institutional economics about the role of technological change in endogenous growth theory. At a practical policy level, arguments rage about how Japan and the Japanese economy should plan for the future. In this book, leading economists and economic historians of Japan examine a range of key issues concerning institutional and technological change in Japan, rigorously using discipline-based tools of analysis, and drawing important conclusions as to how the process of change in these areas actually works. In applying these ideas to Japan, the writers in this volume are focusing on an issue which is currently being much debated in the country itself, and are helping our understanding of the world ' s second-largest economy.](#)

[See a new, caring side to the legendary science fiction monster as he tends to Jonesy the cat, endeavours to keep his house cleaner than the Nostramo, and searches for his place on a cold, new, alien world: Earth. From facehuggers to feather dusters, discover how the perfect killing machine relaxes after a day of scaring space marines.](#)

[In this exhilarating cross between The Da Vinci Code and The Birth of Venus, an irrepressible young woman in 15th-century Italy must flee for her life after stumbling upon a deadly secret when she serves as a model for Botticelli... When part-time model and full-time prostitute Luciana Vetra is asked by one of her most exalted clients to pose for a painter friend, she doesn't mind serving as the model for the central figure of Flora in Sandro Botticelli's masterpiece "Primavera." But when the artist dismisses her without payment, Luciana impulsively steals an unfinished version of the painting--only to find that someone is ready to kill her to get it back. What could possibly be so valuable about the picture? As friends and clients are slaughtered around her, Luciana turns to the one man who has never desired her beauty, novice librarian Brother Guido. Fleeing Venice together, Luciana and Guido race through the nine cities of Renaissance Italy, pursued by ruthless foes who are determined to keep them from decoding the painting's secrets. Gloriously fresh and vivid, with a deliciously irreverent heroine, The Botticelli Secret is an irresistible blend of history, wit, and suspense.](#)

[For over 40 years, Warship has been the leading annual resource on the design, development, and deployment of the world's combat ships. Featuring a broad range of articles from a select panel of distinguished international contributors, this latest volume combines original research, new book reviews, warship notes, an image gallery, and much more, maintaining the impressive standards of scholarship and research with which Warship has become synonymous. In the 2019 edition of this celebrated title, articles include Hans Lengerer's exploration of the genesis of the Six-Six Fleet, Michele Cosentino's look at Project 1030, Italy's attempt to create a torpedo-armed attack and ballistic missile submarines, and A D Baker III's drawing feature on the USS Lebanon. Detailed and accurate information is the keynote of all the articles, which are fully supported by plans, data tables and stunning photographs.](#)

[The indie world is producing extraordinary toy characters but little is known about the designers creating them or the processes used to make them. We Are Indie Toys! profiles the most interesting toymakers and reveals how they turn their unique ideas into one-of-a-kind collectibles.](#)

[The Caucasus has an extremely rich folk literature, almost unknown among English speakers, which includes myths, legends, magical tales, anecdotes and proverbs. The one hundred and one legends included in this book reflect the cultures of fourteen different ethnic groups - their dynamism and the matters that concerned them: survival against external dangers, the risk of starvation and the persistence of the family or clan as a coordinated group. Descended from an oral tradition, much of their knowledge was retained in memories and passed down the generations. Yet, with the introduction of the alphabet, the way of life they portray is rapidly becoming extinct. An incomparable collection, Legends of the Caucasus conveys the poetry and romance of these swiftly vanishing tribes. 'This book has brought into light some of the hidden treasures of the Caucasus ... A major contribution not only to the study of the Caucasus, but also to world folklore.' John Colarusso, McMaster University, Canada 'Inventive and meticulous in rendering the extraordinary folk poetry of the many nations of the Caucasus ... \[This is\] essential reading for anyone seeking an insight into the cultures of the Caucasus.' Donald Rayfield, Queen Mary University of London, UK](#)
