Jaffe Surgical Procedures 4th Edition

Emphasis is on factors that impact the anesthesiologist, including patient positioning, duration of surgery, and complications. The Fourth Edition covers almost 40 new surgical procedures, with an increased focus on laparoscopic and endovascular procedures. This companion Website will offer the fully searchable text and an image bank.

Anesthesiologist's Manual of Surgical Procedures, 4th edition

Jaffe's is a good book for clinical practice. As most books, and maybe in this case even more than most books, it's a bit flawed by each chapter author's personal preference, rather than science based reasoning. But then again, that's what this book is all about. To give you one way of attacking a specific surgical procedure.
