The Chain: Farm, Factory, and the Fate of Our Food ...

Similar in style to Eric Schlosser's "Fast Food Nation", "The Chain" is engagingly written and engrossing. Overall it is an indictment of the factory farming system that exists in the United States today to satisfy consumer demand for cheap meat. It is an important book for anyone interested in animal welfare, the environment and worker rights.

'The Chain,' by Ted Genoways - The New York Times

A factory farm is a large, industrial farm that raises huge numbers of animals for food. These farms focus on profit and efficiency over the well being of their animals. The result being horrible living conditions for the animals. A standard factory farm cows, pigs and chickens live in cramped and insanitary conditions.

Factory Farming: Bad For The Animals, Humans, and The ...

Farm Animals Need Our Help. In polling, 94% of Americans agree that animals raised for food deserve to live free from abuse and cruelty. Yet the majority of the nearly 10 billion land-based animals, plus countless more aquatic animals, farmed for food each year in the U.S. live in unacceptable conditions that do not align with consumers' stated values.

The Dangers of Factory Farming - Ted Genoways On His New Book, The Chain

FARM, FACTORY, AND THE FATE OF OUR FOOD. A scathing report on the consequences of factory farming. In 1906, Upton Sinclair's The Jungle exposed the exploitation of immigrant workers in Chicago's meatpacking industry and the shockingly filthy conditions in which meat was processed. Mother Jones contributing editor Genoways (Walt Whitman and the Civil War, 2009, etc.), winner of the James Aronson Award for Social Justice Journalism, shows that little has changed in more than 100 years.
