The book was only the solution manual to the third edition of the logic book. Description said it was the logic book with the student solution manual. The description did not say the book was only the student solution manual.

Amazon.com: Customer reviews: The Logic Book with Student ...

The book does not cover inductive, traditional, modal, epistemic or deontic logic. Copi's "Introduction to Logic", Gensler's "Introduction to Logic" and Kahane and Tidman's "Logic and Philosophy: A Modern Introduction" are easier and more user friendly than this book and introduce some important areas of logic not covered in this book.

The Logic Book - Merrie Bergmann, James Moor, Jack Nelson ...

Logic 'Paul Tomassi's book is the most accessible and user-friendly introduction to formal logic currently available to students. Semantic and syntactic approaches are nicely integrated and the organisation is excellent, with later sections building systematically on earlier ones. Tomassi anticipates all the most important traps
