The user guide for the telephony device on your desk should be available from your System Administrator. Voicemail Pro can be customized for individual users and groups to provide different options. Contact your system administrator to find out if anything has been customized to make your mailbox work differently from the default settings.

IP Office Mode Mailbox User Guide - BadgerCommunications

Answer: 1) Make sure unified messaging option is turned ON in your voicemail box. With Unified messaging service, a user can receive email with voicemail as an attachment (when someone leaves a voicemail). 2) Dial your own DID/extension and when it reaches the voicemail box, leave a brief message what you intend to put in the alternate greeting.
